Why Now

- Regulatory green light: the Great Park Framework Plan expressly allows up to two hotels — the project is a planned use
- Built-in traffic: 2026 World Cup legacy buzz + hundreds of youth academy teams competing on-site every week, all within walking distance after games
- This money buys the ticket: once the feasibility study lands, we sit at the same table with the city, FivePoint, and institutional investors

Founder

- Dong Wu (EASTON WOOD): Founder of OC 100 Marathon Club (nonprofit); 35-time marathon finisher (3:30:45, 2026 Long Beach); Co-founder of JD Beautiful Home (vacation-rental operations); deep user of sports recovery therapy

On team costs: the founder stipend is "full-time commitment support," not salary — $5K/month covers living costs so the founder can focus on the feasibility study and fundraising. JD Beautiful Home provides admin/marketing support via service contract, settled on actuals and fully disclosed to all four founding investors. Principle: every dollar transparent, quarterly briefings, stipend capped at 15% of the raise.
